## CRICKET WORLD CUPS – COMPLETE MASTER DOCUMENT

(For RAG, AI Systems, Analytics & Academic Reference)

---

### SECTION 1: OVERVIEW OF ICC WORLD EVENTS

International cricket has **three official world championship formats**, all governed by the **International Cricket Council (ICC)**:

1. **Cricket World Cup** – 50 Over (ODI)
2. **ICC Men's T20 World Cup** – 20 Over (T20I)
3. **ICC World Test Championship** – Test cricket (WTC)

Each format tests **different cricketing abilities**, making them ideal for **multi-format AI reasoning systems**.

---

### SECTION 2: MEN'S ODI CRICKET WORLD CUP (1975–2023)

#### Format

- 50 overs per side
  - Tournament held every 4 years
  - Combines league + knockout formats
  - High emphasis on **consistency + pressure handling**
- 

#### COMPLETE ODI WORLD CUP RECORDS

YEAR | HOST(S) | WINNER | RUNNER-UP | FINAL MAN OF MATCH | PLAYER OF SERIES

---

1975 | England | West Indies | Australia | Clive Lloyd | Glenn Turner

1979 | England | West Indies | England | Vivian Richards | Gordon Greenidge

1983 | England | India | West Indies | Mohinder Amarnath | Kapil Dev

1987 | India, Pakistan | Australia | England | David Boon | David Boon

1992 | Australia, NZ | Pakistan | England | Wasim Akram | Martin Crowe

1996 | India, Pakistan, SL | Sri Lanka | Australia | Aravinda de Silva | Sanath Jayasuriya

1999 | England | Australia | Pakistan | Shane Warne | Lance Klusener

2003 | South Africa | Australia | India | Ricky Ponting | Sachin Tendulkar

2007 | West Indies | Australia | Sri Lanka | Adam Gilchrist | Glenn McGrath

2011 | India, SL, BD | India | Sri Lanka | MS Dhoni | Yuvraj Singh

2015 | Australia, NZ | Australia | New Zealand | James Faulkner | Mitchell Starc

2019 | England | England | New Zealand | Ben Stokes | Kane Williamson

2023 | India | Australia | India | Travis Head | Virat Kohli

---

#### **Key ODI World Cup Insights (Important for RAG)**

- Australia dominates **knockout pressure**
- All-rounders frequently win **Player of the Series**
- Home conditions significantly increase finalist probability
- Finals Man of the Match often decides legacy narratives

---

### **SECTION 3: ICC MEN'S T20 WORLD CUP (2007–2024)**

#### **Format Characteristics**

- 20 overs per side
- High variance outcomes
- Short decision windows
- Individual brilliance plays a major role

---

#### **COMPLETE T20 WORLD CUP RECORDS**

YEAR | HOST(S) | WINNER | RUNNER-UP | FINAL MAN OF MATCH | PLAYER OF SERIES

---

2007 | South Africa | India | Pakistan | Irfan Pathan | Shahid Afridi

2009 | England | Pakistan | Sri Lanka | Shahid Afridi | Shahid Afridi

2010 | West Indies | England | Australia | Craig Kieswetter | Kevin Pietersen

2012 | Sri Lanka | West Indies | Sri Lanka | Marlon Samuels | Shane Watson

2014 | Bangladesh | Sri Lanka | India | Kumar Sangakkara | Virat Kohli

2016 | India | West Indies | England | Marlon Samuels | Virat Kohli

2021 | UAE, Oman | Australia | New Zealand | Mitchell Marsh | David Warner

2022 | Australia | England | Pakistan | Sam Curran | Sam Curran

2024 | USA, WI | India | South Africa | Virat Kohli | Jasprit Bumrah

---

### **T20 World Cup RAG Signals**

- Toss decision has **high causal weight**
  - Death overs heavily influence match outcome
  - Player of Series often from finalist teams
  - Individual performances outweigh team balance
- 

## **SECTION 4: ICC WORLD TEST CHAMPIONSHIP (TEST WORLD CUP)**

### **Nature of Test World Cup**

- Longest format
  - Measures endurance, technique, and consistency
  - Points accumulated over **2-year cycles**
  - Final played at a neutral venue
- 

### **WORLD TEST CHAMPIONSHIP FINALS**

CYCLE | FINAL YEAR | WINNER | RUNNER-UP | FINAL MAN OF MATCH | PLAYER OF SERIES

---

2019–2021 | 2021 | New Zealand | India | Kyle Jamieson | Kane Williamson

2021–2023 | 2023 | Australia | India | Travis Head | Ravichandran Ashwin

2023–2025 | 2025 | Upcoming | TBD | TBD | TBD

---

### Test World Cup Insights for AI

- Bowling depth > batting explosiveness
  - Away performance weighting is crucial
  - Long-horizon player evaluation needed
  - Consistency dominates short-term form
- 

## SECTION 5: CROSS-FORMAT COMPARISON (IMPORTANT FOR AI)

FORMAT | PRIMARY SKILL TESTED | DATA CHALLENGE

---

ODI | Balance & adaptability | NRR, pressure modeling

T20 | Risk & explosiveness | High randomness, volatility

TEST | Endurance & skill | Long-term consistency modeling

---

## SECTION 6: ROLE OF INDIVIDUAL AWARDS

### Man of the Match (Final)

- High-pressure performance
- Often defines legacy
- Strong feature for **clutch-performance models**

### Player / Man of the Series

- Measures consistency across tournament
- Frequently used in:

- Player ranking systems
  - Impact-based AI scoring
- 

## SECTION 7: APPLICATION IN RAG SYSTEMS

### Ideal Chunking Strategy

- Chunk by **tournament**
- Chunk by **year**
- Chunk by **award type**
- Chunk by **format (ODI / T20 / Test)**

### Example RAG Queries

- “Who won the 2011 World Cup and why was Yuvraj Singh important?”
  - “Which players dominated T20 World Cup finals?”
  - “How does Test World Cup evaluate consistency?”
- 

## SECTION 8: FINAL CONCLUSION

The ICC World Cups collectively represent the **complete performance spectrum of cricket.**

For AI systems:

- ODI World Cup = **stability + pressure reasoning**
- T20 World Cup = **risk, volatility, and decision speed**
- Test World Cup = **long-horizon intelligence**
